

## 2017 Sandlot Summer Baseball

This is a great clinic for young players/students of the game who are just beginning or still developing and may not be playing summer baseball but want to keep playing in a fun, old-school, sandlot setting. We will use stickball bats and soft/rubber balls. We will be playing bare handed- no gloves needed. We will develop hand-eye skills by playing with a thin bat and having to catch without the security of a glove and acquire knowledge of the game as we play a controlled sandlot game by splitting the group into 2 teams. We will problem solve and figure out our own rules as we did back on the playgrounds. This will be a coach-pitched game so that the games can move along at a pace that will be fun for all. The players will be provided with snacks and drinks for each session. There are two sessions available giving players and parents more choices.
