

FALL BALL PROGRAM

Individual Entry:

Participating in Fall Baseball gives players a chance to improve skills on the diamond in preparation for the next season. It is also good exposure for older athletes looking to play at the next level after high school. Players from ages 7 -18 are eligible to play and will choose a team based on their age and ability level.

This packet will have updates as coaches and dates/times are added. This is being sent out now to give people an idea about our Fall Baseball Program. As far as age, if your son is 7 now consider him an 8 year old because again fall is preparation for next spring.
